

## **Battery Powered Digital Pressure Gauge**

SERIES: DG60

## **TEST GAUGE**

INDUMART

INDUMART

Unit
on/off

- > ACCURACY 0.25%
- > 4-DIGIT LCD DISPLAY
- > EXCELLENT STABILITY
- > STAINLESS STEEL CASE
- > IP65 PROTECTION (WASHABLE)
- TEMPERATURE COMPENSATION
- > FOUR SELECTABLE PRESSURE UNITS
- > LONG SERVICE LIFE AND GREAT STABILITY
- > EXCELLENT SHOCK AND VIBRATION RESISTANCE
- > CAN BE CALIBRATED FOR ZERO AND SPAN AT THE SITE
- > AVAILABLE RANGES: VACUUM TO 60 MPa, 600 bar OR 8000 psi

**ACCURACY** 

## INTRODUCTION

Indumart *DG60 Series* of Battery Powered Digital Pressure Gauges / Test Gauges are high-accuracy, high-resolution pressure indicators.

Because of their robust design, these gauges meet stringent demands and can be used in critical industrial applications where particular importance is attached to measuring accuracy and reproducibility. These gauges show a high level of resistance to mechanical shocks and vibrations.

The electronics and sensing element of the *DG60* Series are housed in a 75 mm (3 inch) diameter, stainless steel case.

Depending upon the required pressure, the measuring element is a stainless steel thin film, silicon piezoresistive or an alumina ceramic strain gauge. The built-in temperature compensation assures an accurate pressure measurement with temperature variations. Moreover, the instrument can be easily re-calibrated by the user at the site.

The pressure value is indicated in any of the four different pressure units (bar, psi, kPa, MPa); selectable by the user at the site, on a large 4-digit LCD display. When there is no need for pressure indication, the instrument can be turned off by the user to increase the life of the battery.

## **SPECIFICATIONS**

0.25% of full scale Accuracy Sensor Thin film (>7 MPa)

> Piezoresistive (<0.6 MPa) or Ceramic strain gauge (0.6 MPa to 7 MPa ranges)

Case Material 304 St. steel

Case Diameter 75 mm (3") nominal

Connection Bottom

**Display** 4-digit LCD; 16 mm high **Pressure Units** MPa, kPa, bar & psi

Measurement Res. 14 bit

0.1 second Sampling Time Process Connection 316 St. steel

1/2", 1/4", M20x15 and other

**Pressure Ranges** Positive, negative and

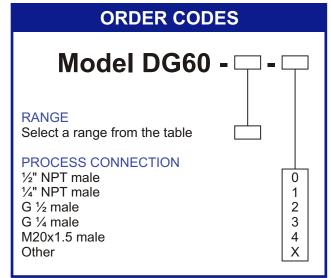

compound

**Over Pressure** 2 x full scale

**Power Supply** 3 V cell button battery (CR2450)

Medium Temperature -10...70°C Ambient Temperature -10...70°C Temp. Compensation -10...70°C

**Environ. Protection IP65** 

Indumart reserves the right to change the specifications without prior notice.

Also Available: Indicating Pressure Transmitter/Switch 4...20 mA Output, 2x3A Relays, 4-Digit, 20-mm LED Display.
